Today's Objective Goal

- Identify the required components of Element # 4 Student Support Services
 - This will be a renewal for most of the programs within the state.
 - FFA Proficiencies
 - Cover Page
 - Performance Review
 - Skills and Knowledge
 - Resume

Statewide Agricultural Education Program of Study - **Element # 4 Student Support Services**

The Statewide AgEd Program of Study will use the following as documentation for a unified effort to demonstrate Student Support Services. These templates are pulled directly from the FFA Proficiencies (entrepreneurship / placement) that are used within the FFA Awards and recognition program.

It would be expected that local programs / schools will have additional materials used in counseling and advising students within the specific graduation requirements of their school.

The comprehensive approach of the Statewide Agricultural Education Program of Study will assist in preparing students for Oregon's 40/40/20 Goal and help to ensure that the Agricultural Education students are College and/or Career Ready.

<u>Item</u>	<u>Page</u>
Proficiency Cover Page.....	2
Performance Review (Page 2 & 3 of Proficiency Application)	3 & 4

Select one of the following

- Placement Skills & Activities (Page 6 & 7 of Placement Proficiency) 5 & 6
- Entrepreneurship Skills and Knowledge (Page 4 of Entrepreneurship Proficiency) 7
